

Refined, solidly constructed, meticulously crafted kitchens for the modern family

From classic to contemporary kitchens, our timeless designs are created and handfinished to fit in any setting.

Long-lasting and practical, planned around your family life, our kitchens use timber sourced from sustainable forests in natural finishes or a range of harmonious colours.

Based in Hawkesbury Upton in the Cotswolds, *Kitchens by Tyndale* is an independent kitchen specialist offering expert installations and professional project management skills.

'Thanks to Martin Weaver's creative input and passion for coming up with visually stunning yet practical designs, I now have a kitchen that's as beautiful as the rest of my house.

Tee Bramwell, Hawkesbury Upton.

Why Us

Your kitchen is the heart of your home, so it needs to be perfect – designed to your budget, around the way you live and cook, and then installed smoothly and efficiently with minimal disruption.

When it comes to design, you are at the heart of the project, which is why we will meet you in your home, and then design every cabinet and every door around your needs and your space. Then we'll prepare drawings and provide samples so you know exactly what you will end up with.

Whether you are starting from a brand new extension shell, or ripping out an old kitchen, when you work with *Kitchens by Tyndale* you benefit from working with craftspeople for whom getting the details right matters.

Not only will we create a beautiful kitchen for you, we can do any associated building work: tiling, plastering, plumbing, electrics and even laying a new floor. We are also happy to liaise direct with your builders. What's more, you won't have to deal with dozens of contacts or call centres. One person will manage your entire project from concept to construction, so you can relax and get on with your life.

'Martin Weaver will do exactly what he says he will do; you can trust him 100%. His project management skills were excellent and, despite all my typical female "Oh I've changed my mind" scenarios, he was consistently tolerant, patient and accommodating.'

Tee Bramwell, Hawkesbury Upton.

'It was very helpful that the timescale Martin gave us was the one he worked to. The kitchen is beautiful and is invariably greeted by a "Wow" when friends see it for the first time. One year on, we are still thrilled to bits.'
